Green power at Italfim

At Italfim, we're investing in renewable energy: in addition to the environmental benefits, we see green energy as a business opportunity.

We're currently using renewable energy to power ~60% of our operations.

In particular Italfim has

- ⚙️ **2 photovoltaic power plants**
- ⚙️ **4719 photovoltaic panels installed**
- ⚙️ **on a surface of ~9000 m²**
- ⚙️ **total power 1,1 MW**
- ⚙️ **yearly production ~1200 MWh**
